

National Environmental Policy Act (NEPA) Environmental Impact Categories

FAA Order 1050.1F, *Environmental Impacts: Policies and Procedures* contains the FAA's NEPA implementing regulations. These regulations apply to actions directly undertaken by the FAA and to actions undertaken by non-Federal entities (such as commercial launch site operators and commercial launch operators) that are licensed by the FAA.

The Spaceport Camden EIS will address the resources described in FAA Order 1050.1F for the Proposed Action and reasonable alternatives:

- Air quality
- Biological resources (including fish, wildlife, and plants)
- Climate
- Coastal resources
- Department of Transportation Act, Section 4(f)
- Farmlands
- Hazardous materials, solid waste, and pollution prevention
- Historical, architectural, archaeological, and cultural resources
- Land use
- Natural resources and energy supply
- Noise and compatible land use
- Socioeconomics, environmental justice, and children's environmental health and safety risks
- Visual effects (including light emissions)
- Water resources (including wetlands, floodplains, surface waters, groundwater, and wild and scenic rivers)

What is Important to You? Your input will be considered in addressing these resources.
